So this skid just admitted to ratting a fellow HF memeber

Who do i pm the details to? is it factor8?

F8 isn't even staff anymore..

Just forward it to a staff member, or just report the post for "Disallowed Blackhat Activities" and the staff will punish at their discretion.

factor8 no longer staff.

Pm one of these people below.

Please forward this PM to either Omni, or another Staff member, and they'll address the matter.

Any staff member should be able to handle this.

Forward this to omnoms and not another staff member. Only an admin can verify a PM.
