If you deem me trusted enough, I can take a vouch copy for a review.

sabadu - November 13, 2015, 2:06 pm

Got this and would never recomend or vouch for it.

It's a 6 pages poorly designed "ebook" (1st is an image, 2nd an index for the 4 remaining pages and 2 of those pages are screencaptures), still trying to find the "only fun" part of the method as advertised.

It's just a kid that bought the resell rights of this and just added his name. Most probably from someone that also copied it and sell it.

John F. Kennedy - November 13, 2015, 2:34 pm

I don't see this as legit when it comes to a guarantee.

What kind of proof can be offered for this rule: There must be sufficient proof showing you have made no money while using the methods.

There are so many methods that promise \$100+ per day but prove to be just hype. And when you consider that support can be denied at anytime, makes it sound like a bad offer, added that the refund can be denied for any undisclosed reason.

I have lost all interest in this offer.
