freeloaders just want one freebie(preview) ?

WhiteRhinoXSS - November 16, 2015, 9:44 am

or your girl could be ugly ASF!!! and a preview pic should not be a nude or what else did you expect to happen

Hispano - November 16, 2015, 10:21 am

I have two reasons in mind:

1. The women is ugly and they wont it
2. The picture you sent them is all what they need for a quick fap.

Mogo26 - November 16, 2015, 11:05 pm

That means they havn't enough money or they just want to get free nudies for a fap =)

1. Try switching picture pack (Send me PM if you need help with that)
2. Don't send nudes, only a selfie with cloths/underwear
3. Say something like: "What do you think babe? <3"

He's right, quite similar to my advice.

Are you providing them nude preview ?

1-Send them a non-nude pic from gallery.

2-Then if they are interested then send them a live non-nude preview.

If you have any doubts then feel free to PM me.

Guys do you know about good (unsaturated) picture pack?

Major League - November 19, 2015, 4:56 am

Make sure you don't show too much in the preview and you should be golden. Maybe try to get better at avoiding time wasters.

Don't show them too much , maybe just face or a pic with clothes , saying you'll take everything off for a payment
