Thread: [\[Everyone\] Tell me who you think deserves an award.](#)

Gem - November 18, 2015, 6:13 am

Been thinking about a new contest for a while now, and I came up with the idea to hear who you think should have an award. (trademark and copyright here)

Contest is simple, make a comment about who you think should have an award, and why you think they should have it. I will pick a winner when the contest is over.

* It can be the Gift award or the Emerald Donator award.

You can nominate yourself, but that's kinda weird tbh.
And not the real purpose of this.

Contest ends on the 1st of December.

That's why I believe it's time for him to receive something from the community as appreciation for his activity in this board, I'm sure that he will keep up the good work and a small prize may bring him even more motivation and passion towards the forum.

C'mon guys, it's the season of giving. It's a time to think about others and not so much yourself.

OP, I've been thinking about this. I'm not sure if you're familiar with [Raddify](#), but he is one of the nicest individuals that I have ever met on this site. If you send him a pm he will likely respond back and let you know that he loves you. This guy is just over-the-top cool and friendly.

If you haven't had the chance to talk to him, then please send him a PM. He's a great contribution to the site. Couldn't think of anyone who deserves a little cheer in return.

But then again, there are so many good options. Hopefully everyone's done something good on the site worthy of recognition. Most good deeds go unrewarded, and that's the nature of life. Couldn't think of a harder task than the one you've given yourself.

Anyways, Epilepsy, I don't know you (wish I did), but you seem like a very caring guy. Thank you for giving back to the community. By spreading the cheer, hopefully others will follow.

Why?

Well, Nicholai is one of the highest quality members of our community, even when he is irritated by the questions of his customers, he just take it all calm and help with everything.

All of his products is made 100% by himself, he is one of the hardest working people I know. When I first met him i often told him to go to bed(sometimes I still do) because he always was online throughout most of the day and night.

He is doing everything he can to satisfy his friends, customers and fellow members, almost too much! without thinking about himself and his own needs.

BTB™ - November 30, 2015, 5:53 am

Did not wanted to do this for self....

But yesterday only, lost an Award contest. It was pretty close and I lost it, just lost it....

Prepared an application on that thread and will simply use the same here and nominate self for the Gift Award - - I know it's a bit awkward, but need to win this badly....

Introduction -

Joining HackForums was a fluke! Actually a Google search landed me here. But, it was love at first sight. You see, you can very well identify a well moderated forum in a short time span.

A bit about me, I have done Bachelor of Engineering in Computer Science and have around 15 years of experience in technical support regarding networking and general software related issues. Have also worked for SBC YAHOO! ISP support for modems and routers. Including email software testing. The same knowledge has helped me to LEARN, EARN and CONTRIBUTE here on the forum.

I would like to add that I have been contributing to the HF community from the very beginning of my tenure. It can be in the IT section, suggestions for improving HF, Giveaways, In lounge chatting with my friends, Gaming and last but not the least in the Monetizing section with some unique earning methods.

Brother, I earned L33T, UB3R & 3PIC by winning competitions only! People have recognized my hard work earlier too! I can easily say; HF is my second home now!

Contributions -

[??? - BAN ME; IF IT DOES NOT WORK! - \[Direct Link\] - ???](#)

[??? :: Fake E-mailer :: ???](#)

[Happy Birthday wishes from HF!](#)

[Secure your PayPal Account :: PayPal Security Key](#)

[How are your ears doing?](#)

Final words -

I would really appreciate, if you consider me worthy for the mentioned Award. I guarantee, HQ performance in the future too.

Last but not the least; thanks for the contest brother. ?
