I'd rate it a solid high 8.

What are you planning to cook it with? I heard they go great marinated in lemons.

Kevn - February 18, 2016, 7:17 am

10/10 Cute as hell m8 :o .

Dota2 - February 20, 2016, 1:30 pm

she's cute 10/10

I personally don't like these rate threads, they should allow like 'check out my cat'

All cats are good in some way, if your kitten is 1+ year old, its a cat now, not a kitten.

Give her some healthy diet and let her sleep for full duration, Don't mind but she looks a little weak.

Christian Louboutin - February 20, 2016, 1:30 pm

Came here for other kind of a kitten... got diasppointed a lil bit

But the cat is cute :D

Don't really know why I her to be "almost" 1 years old. Since she's born in April, so now she is "almost" 1 year old. She is still a kitten.

Seinfeld - February 20, 2016, 7:29 pm
