Gladly - November 18, 2015, 2:49 pm

These aren't in 4k, these are 800 x 450. You're looking for someone to upscale them to 1080p?

Quite unlikely that someone can do this for you, you'll lose a ton of quality.

Scale it with gimp. It's pretty easy...

Chrylix - December 8, 2015, 8:20 am

Here's what it would look like scaled up, feel free to use them if it's good enough for you.

Ayahuasca - December 8, 2015, 8:21 am

Oh god the pixel stretching... why...

xenko - December 9, 2015, 11:16 am
