I got enough points on my # account to generate a one month, I decided to do a contest. Who ever can make the best sig get's it.

Here are the rules.

- 1) No ripping someone's work.
- 2) The sig size has to be 390px × 140px
- 3) You can use on of these six images for the main render for the sig (There not actually renders)
