Hi guys! I made these more than a year ago, just thought I'd share if anyone wants to use any of them.

Feel free to use any of these anywhere, but do credit me here or my dA Epixha. I would edit and add your name instead of mine if I still had the PSDs to these.

I hope you guys like them!

Tsu-kun - November 19, 2015, 1:21 pm

I'm afraid that none of these is a one that I'd use but, I do appreciate your effort and how you're sharing it. Thanks.

These look awesome, nice work on them

I'd use them if they didn't have words on them

Are you sure that these are yours? I've seen these before..

Esdese - November 19, 2015, 1:58 pm

That Mahouka one with my waifu on it is pretty sick.

Same and most of them come from a DeviantART account that the rest aren't on.

I knew it looked familiar. Still, I checked OP's account and he has pretty nice graphics which looks exact the same as these signatures so this is legit.

Nice signatures OP!

Ah guess it's just not an up-to-date dA account then, mb. Nice work OP, really love the second one and Kaneki one.

Great work OP, all of these are really nice.

Thank you very much everyone! I am glad you guys liked it.

I have two dA accounts, Epixha and Eclipsse and both of them are very old. Don't worry, I don't rip work (:

Grin - November 19, 2015, 4:08 pm

I don't know all the characters to those signatures, but I enjoyed browsing through the artwork.

KinGxKeV - November 19, 2015, 6:25 pm

The psychological disorders are real.

I'm hardly familiar with any of these, but they're really well done! Cool art.

cortz - November 20, 2015, 8:40 pm

high five for the another Inori sig user.

A mistake with the Kaneki one.

?????

Is a stupid google translate of Tokyo Ghoul. Since the word "Ghoul" doesn't exist in the Japanese dictionary.

????

Is the authentic name.

Retribute - November 20, 2015, 8:43 pm

Very nice designs!

I really like this one:

If you still have the PSD, can I get my name on it?
And if possible, can you decrease the height? ^_^

Broccoli - November 20, 2015, 8:44 pm

These look great! Can't wait to use some ^^ Thank you.

Zeke - November 21, 2015, 9:33 am

I really appreciate it a lot guys, thank you!

I am sorry but I lost PSDs to all my graphic designs, so I can't edit them.

Haha yeah, I was told that when I made that signature by someone on DeviantArt. I lost the PSD to it and all the other signatures so I couldn't edit it, but thanks for the authentic name.

Those look real nice mate.

These made me wish for some artistic talent.
