You didn't even tell me about this, tf? Lol.

Just saw my name so I clicked on the thread. Anyways, great work bro.

Mr. Hide - November 21, 2015, 4:22 pm

Personally I think they both need a fair few adjustments!

But I'd say the one done by Chase seems more appealing. Regarding your one, The boarder is slightly too thick in diameter, and also the size of the banner along with the 2015 text placement seems high.

Chase's one also, the boarder is abit to much. Also the blending of the text, makes it a strain to read.

Fair effort though :)

microcosm - November 22, 2015, 5:35 pm

Chase got my vote, both had interesting backgrounds but preferred Chase's typography and snow effect.

Not feeling borders on either sig

Ayahuasca - November 22, 2015, 5:44 pm

Not really feeling either of them tbh.

If I had to pick, Scymo's.

rbates621 - November 22, 2015, 8:27 pm

I like the first one the most, but the other two are good as well.

Realizm - November 22, 2015, 8:30 pm

You aren't supposed to put a name on who's design is who's. Otherwise, people can vote for who they like rather than which design they like lol.

This, I won't say which I think is better.

Also letting the person know that they are even in a battle would be nice.

Neos07 - November 24, 2015, 5:59 am

I'd like the one made by Scymo.

Futurism - November 26, 2015, 1:33 am

Scymo looks much better for me.

RJTB- - November 29, 2015, 7:16 am

I like the one by Scymo looks awesome both did a great job imo though

Aint Giving Up - November 29, 2015, 7:18 am

Scymo your gift in the middle looks kinda off center.
Is that just me or is not 100% centered?

Don't like that white parallelogram in yours Scymo, but the rest is nice

Quinn. TEMP - November 29, 2015, 8:11 am

Simply yet lovely to look at.

thanks boss :)
appreciate it

elitebuy - November 29, 2015, 11:07 am

Both aren't great, no blending. Just two images on top of each other.

Telamon - November 29, 2015, 10:32 pm

Scymo gives me a warm feeling inside, the unwrapping of gifts.
You win imo.

The Illusionist - November 29, 2015, 10:34 pm

Scymo wins this one by far. I really dislike the text on Chase's, looks like he took a picture of a winter town made it blurry and just put in some standard text. Scymo's looks way smoother in design.

Genicus - November 29, 2015, 10:35 pm

I like yours more but I like his aswell, I find it a little tough on the eyes though.

Thanks bro, love the opinion

?Venom - November 30, 2015, 6:44 pm

Both look great, but I like the simplicity of Scymo's.

TRAUMA - November 30, 2015, 6:47 pm

I'd appreciate if you'd let me the person you know you're battling before hand.

I would of tried to make it look good if I knew it was going into a battle.

Not stressing, even if it was the best GFX in the world.

You should let someone know you are using there work to battle you..

?MIN?M - January 23, 2016, 8:59 pm

I'd go with scymo. I like the other one better, but the text is kinda blurry which destroys it for me

Mr Kewl - January 23, 2016, 9:03 pm

Overall : Sycmo

I think Chase could've used a better font it looks kinda weird imho.

@Sycmo: I think the white bg for text kills the mood, but overall looks good.

3301 - January 24, 2016, 12:34 am

Chase wins it for me. Style is more unique and attractive.

ahmedcute - January 26, 2016, 9:02 am

sometimes i feel there no fun in keeping doing static images .. so i dont know what to say baby

but im interested to see more here my HF official profile contact me

Arcazel - May 21, 2016, 8:43 pm

I like Chase's i like the background

TehDuh - May 25, 2016, 4:16 am

Scymo wins in my opinion. Gook luck.

Skinny Penis - May 26, 2016, 7:32 pm

I'd say Scymo is the winner here. Mainly for it looking more neat and professional unlike the other (no hate!).

Urge - May 27, 2016, 5:57 am

Second, looks a lot more simple but better if that makes sense? lol

Swax - August 11, 2016, 1:59 pm

Sycmo`s looks alot better to me

schnap - August 21, 2016, 5:08 am

Its been a year since battle start :P Time to get up for 2016
2nd style was much better tho

_Banana - August 27, 2016, 11:56 am

Scymo's is a bit better, but both are good.

When - August 27, 2016, 10:28 pm

In my opinion Scymo won! But they both were nice!

FXstudio - January 30, 2018, 5:34 am

i like the second design)()

Azixty - February 15, 2018, 5:27 pm

I really like them both, tho Scymo did something more in my taste, something about the design itself.
More clean maybe?

treble86 - March 20, 2019, 5:18 pm

Scymo looks great ?

fe2o3 - June 28, 2019, 11:48 pm

they are great.. personally i would change some things and the bottom one is my favorite but i'd still work into those. this thread is pretty old but i dont care, trying to get my post count up lol
