Thread: [Scammed by 0x - uid = 1125619 \[360\\$\]](#)

0xBB - November 21, 2015, 11:29 pm

Hello everyone, few months back I had a deal with this user :

<https://hackforums.net/member.php?action=profile&uid=1125619>

We agreed he would sell me agc for about 250\$. I sent him the btc, then he replied if I had about 40\$ more, I could get a bigger card. So I did (since I was planning to purchase a console + some controllers). He kept giving excuses that he had to pay somestuff and shit. So since this nig is from my area, I gave him money to buy his shit (about 70\$), we are at 360\$ worth now. You guys might think that was indeed retard according to his rep but this dude lives 45 mins away from me so I thought he would never scam an other QC ! But he did, got his dox so no need to pm me his shit, If no reply from him on a refund, this will go further until he decides to pay me.

proof of 250 + 40ish :

eight - November 21, 2015, 11:48 pm

Even if he lived near you, it wasn't worth doing the deal. He's a known scammer.

Ciraze - November 22, 2015, 6:26 am

The lowlife doesn't give a fuck who you are, he will scam you even if it's for 1c.

Kify - November 22, 2015, 7:16 am

RYLTY - November 23, 2015, 11:41 am

Legit report, I hope that you get your money back OP, although judging from what I've seen of 0x, I
don't think you will sadly. [He scammed me](#), and he has scammed many others too, none of which
have been resolved.

P.S. OP, you should enter this dispute into the [deal dispute database](#) so it will show up on his
profile.

Royal Crowd - November 23, 2015, 11:42 am

He needs to be banned already and he thinks he's tough shit.

You should just call the cops on him and get legal with it, or go to his house and ask him about it
and see what he does. :D

Have a nice day! ?

Godsmith - November 24, 2015, 4:57 am

He's still scamming lmfao, ohmygawd, this is just funny now.

Don't send me his information on Skype please(it's opposite day right?)

The Illusionist - November 24, 2015, 5:01 am

According to fews, he was legit. He did indeed few exchanges and fulfilled deals. At least when we did our deal, tho he seems to have irl issues that leads him to scam.

Syndicate syllabus - November 24, 2015, 6:37 am

He scammed me a while back as well. \$400.00

You should make a thread about it in the deal disputes section and add it to the database so that everyone knows what happened. Evidence is starting to pile up against this guy and the more the better.

Monetizing INC - November 25, 2015, 12:57 am

Hopefully you can get him to jail or something, this user scammed multiple people.

Peter - November 25, 2015, 3:08 am

He's scammed me for over \$1,000.

I just couldn't give a fuck about making a scam report because: A) It won't do shit. B) Morons will still deal with him and still continue to get scammed by him.

Mind you my deal was back in February so whatever.
