Thread: [I'll click your adfly link if you click mine.](#)

Deatives - November 22, 2015, 12:21 am

I am offering free clicks on your adfly (or whatever other shortner you use) if you click mine. Here are the links (they just redirect to Google, Facebook, and Twitter). Just click on all 3 and then post your link below and I'll click it.

EDIT: <http://pastebin.com/E9PepmZt> (I put free minecraft codes at top so pastebin wouldn't auto delete it) (They still redirect to Google, Facebook, and Twitter)

Also please post screen shots of each shorturl advert page with an imgur link or something as proof. Enjoy your freebie :)

Your getting a freebie in exchange for clicking 3 links. It's not difficult.

lol don't try adfly for making money, do referal and real ads on your site, that is much more profitable. Adfly's rate is low and paypal takes 30 cents and 4.4% from it anyway.
