Thread: [XpertRat 3.0.10 Very stable ,VB6, FWB](#)

.187. - November 23, 2015, 10:02 am

Warning big image
Spoiler ([Click to View](#))

What's New on 3.0.10 ?

- Windows 10 Ready
- BUGFIX to get 64bit process path
- BUGFIX on File Explorer to show all data
- BUGFIX on downloading tile & wallpaper
- Ports show now all connections with Process/Service attached

Coded in VB6 and very stable

ze-slade - November 23, 2015, 10:06 am

It would look better if the clear borders were removed.

Swizor - November 23, 2015, 12:55 pm

The features are not working....

the features work great did you double click on the bots name?

Swizor - November 24, 2015, 7:55 am

Tested on win10, but in all features says "requesting data" or something similar and nothing happens...
