Thread: [Would you rather want the power to be Invisible or the power to Fly?](#)

**Night Fury** - November 24, 2015, 3:38 am

Which one would you want? You only get to choose one.

Invisible: You could instantly become invisible whenever you want.

Fly: You could fly like superman.

**Grammar Rays** - November 24, 2015, 3:41 am

Invisibility.

If you could fly, you'd get hunted down by society and they'd want to do tests and whatnot on you.  
I'd prefer to be invisible. Could steal stuff, do magic tricks, go on planes for free, and so much more.

**rapidfire08** - November 24, 2015, 3:41 am

Most people voting for invisibility are those who wanna see naked chicks in shower.

**BoyInWhite** - November 24, 2015, 3:42 am

You can already 'fly'

But there is nothing that can let you go invisible

Fly like superman I'm saying. Just up and away.

Yeah right, but flying exists there is no need for it. I don't think we will have a way to get invisible for some time.

**Dimli** - November 24, 2015, 3:44 am

I would want to be invisible because there's so many things I could do if I was invisible.

**Corrode** - November 24, 2015, 3:46 am

I'd much rather be able to go invisible, considering we could fly in other ways. You could do so much more things, while being invisible.

**Night Fury** - November 24, 2015, 3:47 am

I can't believe you guys!!

I think flying would be so much cooler. Skip all the traffic and what not. ?

**Vitani's Mate** - November 24, 2015, 3:58 am

What happens? It's not like you're invisible all the time. Only when you want to be. So, you could do it like once a year if you wanted.

**Genicus** - November 24, 2015, 4:04 am

invisible nigga, who wants to fly when I can just sneak onto a private jet full of naked bitches????

**The Illusionist** - November 24, 2015, 4:04 am

**BTB™** - November 24, 2015, 4:14 am

Invisibility for me!

I still need to be cautious while Flying. lol

And if I did a mistake being Invisible; who cares!

**jaymz67** - November 24, 2015, 4:53 am

invisible without a doubt. although the ultimate would be.. the power to stop time and space.

**Jokes** - November 24, 2015, 4:59 am

I would love to be able to fly, I don't really care about being invisible.

**ankithosya** - November 24, 2015, 5:03 am

I wanna Fly , you know if i had super speed like that of MACH 5.....

i wanna be free from the fucking expectation and these depressing responsibilities others lodge on me.

Just want to fly and see my calling..

**DuguWudi** - November 24, 2015, 6:16 am

Flying is fun and all but the benefits you get from invisibility are of no match

**Kallen Kozuki** - November 24, 2015, 4:08 pm

Invisibility could make you rich... flying cannot...

information is the most valuable commodity in the WORLD. Invisibility could help you get that information, and you can turn information into POWER. :3 power turns into wealth :3 then it's over from there... you can just buy a jet pack if you want to fly...

Hmm. As part of the game, let's say anything you're wearing or touch becomes invisible if it's an object. So clothes, your wallet, anything you're carrying, are all invisible.

**Lawsuit** - November 24, 2015, 5:47 pm

Invisibility.  
But, is your heat signature also gone?

**LogitechCamMan** - November 24, 2015, 5:47 pm

Yeah but think about this, no matter what you choose. A private company will fund to examine you, possibly allowing you to meet others with certain powers and maybe you can co-exist the powers so to speak, being able to fly, and be invisible would then be possible. Holy fuck just imagine that, I mean I would kill someone just to have the ability to fly literally.

What do you have in mind? I guess you could probably still be picked up by IR because you still have to abide to some laws of anatomy (your body produces heat after-all, otherwise you'd be dead).

Yeah, you could sneak in on some CEO meeting and stuff assuming the door was already open or something.

But gravity still forces you to keep your feet on the ground. I like your perspective though. There's a lot you can do with invisibility.

Finally! That's the most practical solution. Why give up the opportunity to fly when you can just rub one out in the girl's locker room without being invisible?

**Garrett Master Thief** - November 25, 2015, 12:25 am

I'd rather have the power to turn invisible.

- 1) Fulfil my perverted dreams whenever I want to.
- 2) Steal anything I dream of.
- 3) Scare or prank people.

Flying would just get you shot down by the military or something - it would cause some sort of terror.
