What did the user scam? \$50. Paypal

What went wrong? After the user received my payment, they stopped responding. Read the PMs and was online, but refused to acknowledge me. They also deleted the thread.

Detailed description of what happened: The user and I were making an exchange. Their \$45 BTC for my \$50.40 in Paypal. After sending the payment and my BTC address, the user ignored me but read my messages. They also scammed Year at the same time.

Damn another one? That's like the third scam report on 0x in the last week or two, this guy is on a rampage. Good luck getting your money back OP, I don't think you will have much luck though. I would chargeback if I were you.
