Thread: [How To Create Multiple Fifa Accounts on Fifa 16](#)

illinifan - November 26, 2015, 4:28 pm

Good evening! This honestly is probably a really stupid question, but how to I create multiple EA accounts so I can go play the draft and trade on them? I did a quick google search, and it says I have to sign up for xbox live silver and it is all done from Fifa 15. Currently, I have the one account that I play on daily tied to my Xbox one. Any help would be great! Thanks!

Just keep creating new xbl accounts, but they limit the number of ea accounts per console

Thanks. Can I create more than one EA account for each XBL account?

You need another EA account.

I think if you create origin accounts before you make an xbl/psn account it will work.

There is a limit on accounts unfortunately anyway mate.

dany04 - November 30, 2015, 11:16 am

You can create only 12 accounts

12 accounts is the maximum as far as I know. You need to make different EA accounts and xbl accounts so you can link the EA to xbl accounts

There's a limit on accounts. I think the max you can create are 10 accounts.
