I'm down to buy anything interesting. Just unsure of what exploit pack means.

If you don't want to explain it, I understand.

Good luck selling.

Damn I am sitting on a gold mine..

well , that's not really important to be honest :) ... just wanted to warn peoples to not fall (like I felt) for same bullshit.

(Nov 27, 2015 08:48 PM)Senna Wrote: [\[CITE\]](#) You've got to be joking.

not really , I can provide you with evidence if you really need . OP is using multiple ids , money been gooing to same collecting account . He didn't intended most probably to deliver anything . like 20 minutes ago (at the time when I'm posting this) he even had a chance to try to fix all this mess , unfortunately he prefer to have a small joke :)

(Nov 28, 2015 03:34 AM)VodkaNik Wrote: [\[CITE\]](#) Nice troll

ain't anything like such mate , I just wanted to warn peoples to not lose money with this kid , that's all . Actually I don't really care much about peoples I just wanted to give to honest buyers an head sup , what peoples do it's their job . like I said previously , if you need evidence with this dude feel free and msg me .

(Nov 28, 2015 03:43 AM)JohnAnonDoe Wrote: [\[CITE\]](#) op hasn't responded since accusation so deal with caution.

because he have nothing to respond mate . I said up , and I repeat , I don't really care what peoples do , it's about common sense to do your due diligence when you risk losing moneys ... :) I didn't tough is necessary since I saw him with some points of rep on here (didn't even tough to check out from where and how he got it) .

If you say about me , most probably is just lack of imagination , I wasn't even able to post on this forum till one of the fellas who I msg after I got ripped by OP hit the magic lol . but, like I said , if you have doubts I've messing around for nothing , just feel free and msg me I can provide the evidence to clear your doubts . I'm not here to sell anything or such thing , repeat , just wanted to warn folks to not fall for the kid scam , that's all .

Seah - December 12, 2015, 12:05 pm
