Thread: [Better to charge for Verification coz of timewasters](#)

Even time wasters are asking for verification pics when you give them they told you. "Wanna trade nudes" I feel bad after all effort doing verification. Charge them \$1 to \$1.99.

I takes me 30 secs to write their name on paper, u really think they would pay for that?

Its half and half with that because i've gotten through alot of time wasters with that method.

i tell the timewasters that "Google is having a sale. All pics and vids are free" It's no sense in trying to get blood from stone.

Only 5% of people asking for Proofs Pay up. IMHO it's not wise to waste your time in trying to please people asking for verification proofs. Rather spend your time in finding gullible people and your conversion % will increase. Needless to say, with increased conversion%, your earnings increase too.
