Thread: [Blockchain Down!?](#)

Doodlegod - November 28, 2015, 11:54 pm

Well, BlockChain is down. Does anyone know the reason of this? Kind of annoyed as I have some things to do with BTC lol.

ST34M - November 28, 2015, 11:56 pm

<https://blockchain-status.com/>

No need to make a thread about it really as now it's back up.

its not back up

ST34M - November 28, 2015, 11:59 pm

Put www. infront of the URL it will work.

K thanks

still doesn't work for me, I was wondering why this was.

Now I can't get my \$100 btc from you ?

TRH4CK - November 29, 2015, 12:00 am

Just wernt down like few minutes ago, happens times to time.. Should be up if not already!

iFinessed - November 29, 2015, 12:00 am

I hope they are just working on it I got btc in their ?

Snapbytes - November 29, 2015, 12:00 am

Blockchain is under ddos attack at the moment

this is so weird, first time this has happened

Doodlegod - November 29, 2015, 12:03 am

Yeah, it's still down for me too. Don't know why it's up for some, maybe cached version or some shit. Not sure.

It is up, but it won't let me send any payments. So I'm assuming they are still having problems.

I can get there through the login page (<https://blockchain.info/wallet/login>)

but it won't let me log in. Also I get a random string of errors.

EDIT

ik wtf. It's been down for a while now.

#Windows10 - November 29, 2015, 6:55 pm

is it true that they lost all bitcoin in there ??

Doodlegod - November 29, 2015, 11:04 pm

Looks like its down again. Of course, the one time I need to use Bitcoin again tonight.

Originel - November 30, 2015, 12:06 am

yeah I have some important things to do as well.
hope it's back up soon

BITW - November 30, 2015, 1:23 am

hehe i am lucky because i did not face this. I was away lol
Now it is all good, if i am not wrong.

Massacre. - November 30, 2015, 2:42 am

Its backup now
coinbase was down earlier on aswell
