doesnt work like that. first you need a connect to get a real quality brick for whole sale prices. plus
what if op is a beta faggot? his ass is getting jump.
maybe a reasonable way to make good money is start vending online via darknet.
buy a drug in bulk and sell personal amount. its good money but its sucks dealing with all those
retards trying to scam, and people not finalizing.
carding is good for quick money but if youre expecting to just buy a card for 10 dollars and get an
iphone 6s then it not for u lol

You could eWhore. Personally I find it to be nasty. I recommend you to apply for a job. If you get a
job anything you do you can scale very big. Trust me there.

Brendan - November 29, 2015, 11:31 am

Getting the job would probably work out the best for you in the long run.

You could do what I do and just sell your signature space, but you haven't made many posts so
people probably wouldn't pay too much for it.

You need to work in order to make money. Even if that's online money.

You need to invest in time and in some cases you may need to invest money to get money.

6e756c6c - November 29, 2015, 2:37 pm

It depends, how much money do you need? Do you need it short term or consistently? Do you have
any skills?

imZakuh - November 29, 2015, 5:00 pm

Ewhore or become a pimp lol

feelsgoodtoday - November 30, 2015, 11:23 am

actually if you want a quick 7k?

get a disguise

go to a bank

walk in as a normal person that needs a service to a bank teller

hand a note saying you need all the money or everyone dies

have a banana in your jacket or whatever and gesture it to the bank teller.

get the fucking money and RUUUUUN mother fucker

lay low for a couple weeks

J. McCarthy - November 30, 2015, 11:42 am

Is recommend my guide but you probably can't afford a paid method right now.

Consider these options:

1) A real job

2) a loan

3) selling your services : Graphics/ writing/ etc

4) Resell services from a site like fiverr
