The tax man is waiting. These guys think hella basic little do they know there is people out there doing 20,000\$ a day making 1000 look like baby money :'(

Transcendental - November 30, 2015, 7:32 am

You're one lucky man. It's very hard to monetize with OGMobi. Instagram flags you for anything not Instagram. I can't even put a link in my BIO. You must have one god method because the only install I've gotten was from people I know. YouTube is saturated to. Like I said before you're one lucky man!!

TheGoodLife - November 30, 2015, 7:43 am

find an instagram URL redirection vulnerability bruh

Mister Guwop - November 30, 2015, 8:45 am

Damn nigga. Looks really good :)

eastanbool - November 30, 2015, 9:50 am

Seems like your business went viral in the last 2 months. According to the statistics you've "only" made about 3k\$ before the last two month.

Good luck bro, and keep up the amazing work.

Thanks.

Hoodie+ - November 30, 2015, 11:43 am

Aur3xis - November 30, 2015, 5:16 pm

Holy fuck how long did it take you to build up your IG's for such earnings?

Zack Fair - November 30, 2015, 8:04 pm

Would it be possible to privately see a screenshot of your clicks/conversion rates.

problems.x - November 30, 2015, 8:06 pm

These are some insane fucking earnings, if you continue at your current rate you should end up with about 500k this year.

Go buy a fucking house, a nice car (i recommend a nissan GTR) have fun op, you is rich as hellll.

OMJenke - November 30, 2015, 8:34 pm

A lot of people on this forum become hella rich out of nowhere. Didn't know CPA was that easy.

Genicus - November 30, 2015, 8:36 pm

Amazing, its good to see someone doing well man. Hope the profits keep growing and you get everything you want in life. Youll never be able to explain how you make 70k a year working from home doing PPI though.

People should see this as a motivation and stop bitching around. It shows how much money you can make if you work hard and smart.

Earlier I though CPA/Affiliate Marketing etc. will just make me some extra bucks, but then I did not knew the real potential of it. After seeing the jouneys of other people I realized that you can easily earn a living with it.
