Blackjack for me is fun. We prefer poker to make our big bucks. Sometimes we get greedy and lose it all though, LOL.

Kill yourself you cry baby

Also lol, it's not hard to make a blurred image of money found on google with photoshop so it doesn't come up on Reverse Search.

Unless you correctly timestamp with better lighting (not same lighting in the pic) with your UID's, go fuck yourself - not trying to be offensive ((to optimize), you can go fuck yourself jawe)
