Thread: [Ewhored pretty fast.. Motivation thread part 2](#)

Hey you all!

I was bored, so thought.. let's ewhore!

As you can see here below:

<https://i.gyazo.com/4e59e1c55754ec07b94bb13c8da6db5f.png>

I got 2 Amazon Gift Cards, 1: \$20 and 1: \$60 Gift Card ??

The sad part is.. I gave a guy the mind fuck of his live ?

He wanted to buy 25 pics for \$20 and spent more after he checked out my pics.

I sold him pics and while I was sending picture nummer 11, he told me he saw that picture already from \*named 2 usernames from Kik\*. Apparently, it was someone who exploited the guy before with ewhoring.. I didn't really know what to said, but I found the perfect solution.

I talked to him about a few minutes more and he really didn't understand how more girls could sell my pictures, I convinced him and he said he wanted to send \$60 extra to "cheer you up". I have to say.. he kept his word, I'm pretty happy with these 2 cards ?

Anyway, nothing to brag about, just more motivation! ?

Check out the "Guides" category in order to learn whatever you'd like to know about eWhoring. If you want a private/personal method, you should purchase an eBook. About your time wasters, there ARE tutorial/threads that shows you how to filter out the time wasters. You should read that ?

Although I felt a bit bad for him, until I found out he was from 1941, then I was pretty satisfied I took that perv's money ??
