Thread for monogatari related stuff.

What are you guys thinking of Owarimonogatari?

Are you hyped for Kizumonogatari?

Also, tell us your favorite girls!

My favourite season was definitely "Monogatari: Second Season". Kaiki is a true husbando. <3

I can't recall from which season it was, but that toothbrush scene really rustled my jimmies though.

Was Hanamonogatari MAJOR SPOILER Spoiler ([Click to View](#))where Kaiki got killed? Since I watched the season where that happened, but I have never gotten to continue. The series very good overall, so maybe I should continue? Would you recommend watching past Monogatari: Second Season (Or maybe Hanamonogatari)? :^)
Thanks!

That's monogatari second series I believe. Been awhile since I watched that one so my memory is a bit fuzzy. Hanamonogatari takes place after agaragi graduates.

Spoiler ([Click to View](#)) I'm pretty sure Kaiki is a ghost in this one, but they never say. Chronologically hanamonogatari is the last part of the story. It's really good though, long hair monkey is great. It's a OVA and only 5 episodes but good.

I'm a pretty big fan of the series so I'd recommend continuing on it. Owarimonogatari is airing right now and the current arc is getting pretty interesting. I have very high expectations of kizumonogatari, that's finally going to show us what happened to agaragi in the very beginning with adult shinobu. I'm also pretty sure it's going to be a movie instead of a T.V. series, which will be a nice change.

Oh, that sounds rather interesting. There doesn't seem to be a reason not to continue on the series, especially considering the short run time.

All of the seasons I've watched up until this point have been very good. Some of them had a tendency to get a bit boring at times, but they quickly recovered. So I suppose there isn't any real reason not to continue on the series. Haha

Thanks for your insight!

monogatari serious is quite a good piece of art in my opinion, plot is highly thought.

i thought interest during Koimonogatari , i love the scenes where Senjougahara appears so i found the series a bit lacking.

well, Owarimonogatari is awesome but i love bakemonogatari the most.

I made a discussion for the new season but I guess not many people are watching it.
