Thread: [Opinions On Roger Waters?](#)

The Supreme Gentleman - December 5, 2015, 7:05 am

Hello HF. I'd like to hear your opinions on Roger Waters. He's a probational staff or something. Personally, I think he's alright. He does a good job of keeping the lounge clean. On the other hand, he's a dick and closes every thread he doesn't like, and gives warnings like they are going out of style...

Vote on the poll, or discuss here.

Cammy - December 5, 2015, 7:08 am

He's a very dedicated man he gave me 3 warnings

Walt Disney™ - December 5, 2015, 7:08 am

He doesn't close threads and give warnings without reason.

All staff here are excellent.

Maybe posting threads like this gets you on his bad side.

Bucs - December 5, 2015, 7:11 am

I don't really have an opinion on him. Messaged him once of something and he just responded with "Message Omniscient" lol.

Where's the ass kisser award?

Factor8™ - December 5, 2015, 7:13 am

If you've any issues with Staff or feel aggrieved, feel free to PM OMNI.
But calling out Staff in public will not end well for you. Trust me.

He's not calling staff out, he's giving his opinion and asking for ours

It feels like the right thing to do

SOSA_ - December 5, 2015, 7:21 am

I think I spoke to him once, not enough to get a fair opinion on him. From what I've heard though, he's a pretty cool guy.

Enough to start a gang against him.

V?rt - December 5, 2015, 7:27 am

I think he's a cool guy. Only time I've talked to him is when he gave me this warning. I mean, I have no real impression of him, but as far as I've seen he's cool. He's just doing his job.

?Demon - December 5, 2015, 7:33 am

I've never had a problem with any of the staff here ever, mostly because I do my best to follow the rules, so I have no opinion on that certain staff member until I've actually met him/her.

The Supreme Gentleman - December 5, 2015, 7:38 am

Looks like he called in the cavalry.

Optimized - December 5, 2015, 7:39 am

he used to be incredibly chill as mentor, of course his game has to step up as staff but idk if i prefer old or new roger, still a nice guy

YayHar - December 5, 2015, 7:40 am

If this thread gets closed I'm going to laugh so hard

- > Gives opinion on staff
- > Thread gets closed

Blazin - December 5, 2015, 7:41 am

I don't really like Roger Water personally.

He closes threads and pretends to be Omni except he closes every single thread he don't like.

Not sure about how good of a job he does around here, I see him closing more threads than anything.

Wirt - December 5, 2015, 7:42 am

I feel like the poll shouldn't be public. Why would you want other people to see who voted for what? To get on Rogers bad side?

After seeing you as an admin for so long, it's hard to see you without that title. TBH you almost look like you're impersonating yourself.

Jordana Brewster - December 5, 2015, 7:43 am

Like him, seems like a nice guy who knows what he is talking about and is intelligent and contributes decently to the community.

Blazin - December 5, 2015, 7:43 am

Factor8 is the best staff member here. You don't always see him but you know he's working behind the scenes. Like a movie director : D

So I can see who is an ass kisser or not.

If I could change the poll, I would make it private.

Probably some more dislikes would magically start showing up...

I'm impartial though, as are many other HF members.

Dorrance - December 5, 2015, 7:47 am

He is a goofy bally nigga.

Raptor - December 5, 2015, 7:48 am

Don't make threads that breach the rules and they won't be closed. Fairly simple tbh.

CPA Exposé - December 5, 2015, 7:48 am

So far Roger hasn't done anything to make me dislike him as an admin. I personally haven't been bothered.

I also don't watch his every move to see if hes doing his job and I don't care to.

Therefore, he's alright in my book.

Aurora - December 5, 2015, 7:49 am

I haven't talked to him that much to give my opinion about him. From the few talks I've had with him, he's a pretty chill guy.

?lixir - December 5, 2015, 7:50 am

I don't have an opinion. Seems like he is doing his job right.

I don't think someone likes you.

Apology accepted

don't mess up twice or I'll have to inform roger waters of your inappropriate behavior

brian188246 - December 5, 2015, 10:21 am

Would love if you got a posting etiquette warning for this thread.

I've PM'd Roger multiple times with issues, he's been more then helpful each time.

Oh, and since I disagreed with you am I an asskisser?

Pretty immature to make this thread because you're salty about at warning level.

-zERaIT - December 5, 2015, 10:27 am

roger waters is a cunt!!!

CPA Exposé - December 5, 2015, 10:27 am

Oh, I see why this thread was made now...

Redwall - December 5, 2015, 10:36 am

This thread is not necessary mate.

Lithe - December 5, 2015, 10:39 am

Not even lying, he promised me a BJ in the Void general lounge a while ago and never held up his end of it.

Overall he's a nice guy though, I like him and he loves me.

It's ungrateful pricks like you who don't realize what it takes to manage HF. So keep on laughing in oblivion.

Odus - December 5, 2015, 10:57 am

Haven't really noticed a change in him but everyone goes off when they are given more responsibility. By the time probation period is over, he'll be back to normal.

You see it all the time.

Edit: I knew I remembered seeing something like this. A thread was made about F8 when he first became staff: <https://hackforums.net/showthread.php?tid=555750>

Kevn - December 5, 2015, 10:59 am

He gave me -3 without a reason so i dont like him

I assume you were trying to say "Why isn't there a 'No one likes him' option on the poll huh?", and the reason is because nobody can speak for anyone else. As you can see on the poll, there are

more people who like him than don't.

I haven't been given a reason to not like him, and when I have talked to him in the past hes been pretty chill. All of you that don't like him are just butthurt that he is enforcing consequences when you break the rules.

Froggy - *December 5, 2015, 11:36 am*

If you'd like to give Roger Waters some feedback, you should PM him directly. Thanks.
