Thread: [Free Autopilot Bitcoins](#)

Kinguin - December 9, 2015, 12:22 pm

Okay, here's a website you can use, to earn literally free Bitcoins.

What you'll need to do, is signing up under my link, that gives you 10 GHS wich you can find here: [Link](#) [Ref]

And then you'll start earning money completely on autopilot. You can also share your refferal link with people, wich gives you 10 GHS for each signup.

Here's also a picture of my earnings in a couple hours:

I'm still trying out this website, and it looks like it's working good. I will update this thread with some screenshots once I've got a payment. This should take some days, since the minimum payout is .1 Btc

Have a good day!?

This site was posted yesterday, as well as all its flaws o.o

Mainly the fact that you have to buy at least 10 g/s before you can withdraw and no one has withdrawn yet, so we don't know if they will actually pay out.
