Thread: [Can someone PLEASE make this clip into a GIF?](#)

Zyptic - December 10, 2015, 3:01 am

Can someone make that part of the clip into a gif that I can use as my signature here on HF?
Meaning resize it to the maximum size limit.
Please try and keep the quality best as you can if possible.
6:19 to 6:24
Whoever does this I will love you forever!!!!

Is there a way you can cut the guitar part out at the end?
After that I can try and turn it into a GIF.
Thank you for your time :)

That's perfect!
One last thing, can you now resize it so I can use it as my sig?
