Thread: [High quality traffic. Increase traffic to your website](#)

The_R - December 10, 2015, 5:43 am

The secret is that there is no easy way to buy traffic. There are a lot of sites and products claiming to bring you traffic, but in reality, it is difficult to arrange for people come to your website, click around, and buy something. So that is why I offer this service to fool PTP, CPM etc. networks to get paid.

I fooled a lot of networks with my bots to get paid of advertisements.

The traffic will be worldwide.

Prices:

5,000 visitors; \$4,99

10,000 visitors; \$9,99

20,000 visitors; \$19,99

100,000 visitors; \$85,00

PS; I will provide traffic to everything except for YouTube.

PM if you are interested

Example;

Can you show proof provided to another site, since you just said you won't do youtube...

And maybe a flow chart of the traffic to see if it's really clicking stuff like you said.

I can provide a vouch offer if that is what you looking for, send me a PM with your specified site and I will give you 1000 visitors for free.
