famous and rich fo sure, plus agents dont get as much woman.

I'd be the agent personally.

I'm someone who'd rather do real shit while someone else distracts people.
it doesn't bother me that I'd have less, an agent still has anything they want.

An agent, that'd be nice.

I don't want to be famous, i would rather be the one who can make someone famous.

An agent.

You literally use famous people.

rapidfire08 - December 10, 2015, 8:36 am

I was the most famous guy in my school. I pulled myself back from the attention and stayed low-key.
