Doesn't really matter for me

Dominus - December 10, 2015, 7:45 am

I guess it depends on how you see it. A parent don't want to survive their kids but who wants to loose their mum or dad. Its a hard question but they where here first and they helped me throught life so i'd choose myself.

FREEBANDZ. - December 10, 2015, 7:47 am

definitely me. wouldn't wish cancer on anyone, let alone the people that brought me in this world.

Granny Bacon - December 10, 2015, 7:47 am

The correct term is actually REP KILLED.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Raf Simons - December 10, 2015, 7:53 am

I'd rather have it, I've got better chances of survival.

.Bux - December 10, 2015, 7:54 am

I'm younger, they have cancer, I got more years than them to live

Plus I'll have alot of money, a house etc, it's like using cheat codes in real life

It's a hard question. I know my ma would kill me herself if I chose to have cancer instead of her.

Green crack - December 10, 2015, 7:59 am

That's a hard answer man. I'd rather myself because of want my parents to out live me I guess.

hugsyou - December 10, 2015, 7:59 am

I would rather have it so I could post threads like these.

Obli - December 10, 2015, 8:00 am

I'd rather get cancer.

My parents are shit people. But they have friends, a life, work, responsibilities.
