Thread: [Make Money QUICK! - Learn the World of Stocks!](#)

J?stin - December 10, 2015, 11:03 am

(Dec 11, 2015 09:43 AM)Philip J Fry Wrote: [\[CITE\]](#) I have received a vouch copy

Originality: 8/10

This Ebook is original in a sense that I have never seen it before on HF.

You could find all this information on the internet, but having it all displayed in one place is helpful.

Method Effectiveness: 9/10

This method requires some time to work but when it does it is very effective and worth every risk

Ease of use: 7/10

This requires some intense setup to work properly but it is explained very clearly by the author. This makes the entire process much less of a hassle overall.

Grammar: 10/10

I did not find any grammar mistakes in this ebook

On behalf of my friend Robert, I am bring this eBook to you.

There are TWO vouch copies of the Basic version of the eBook available.

Leave a post here if you want one!

Philip J Fry - December 10, 2015, 12:39 pm

Hey I am willing to do a vouch for you. Just send me a PM if you're interested

anonymous4 - December 10, 2015, 2:18 pm

I'll give a great review. Pm me a copy. GLWS

FDBMAN - December 10, 2015, 4:47 pm

Can give a detailed review if you want, PM me.

I wouldn't mind a vouch copy for myself and Enronitis I'll be happy to get him to post here also if you give me permission to share the ebook with only him? Check his profile, he has the biggest threads

in the stock/investment sections.

Pretty sure there are tons of e-books like this one for free.

Investing in stocks is basically researching a company you want to invest in, and just take the risk and invest in it and wait until it raises.

You can do this in long term and short term as well..

That's it, this is way too overpriced in my opinion and shouldn't even be sold.

There are tons of tutorials out there which can help you invest in stocks, stock investment isn't a new thing.
