Thread: [\[FREE RAT SETUP\] Willing to help the RAT community so we dont get stupid posts again](#)

Drecon - December 13, 2015, 5:34 am

Hello HF

The RAT community helpt me a lot in the past.
So now im helping the guys that start out new.

Some info about me.
I am using RAT's for over 2 years now.
I Quited now, Not really interested any more just helping now :)

Thing i can help you with:

Setting up a RAT [all RATS]
Portforwarding
Vpn's
Some basic spreading methods.
Tips on Making money of your slaves.
Tips on Keeping your Stub FUD [Crypting now only for a limited time]
Tips on keeping you safe and not get caught.
Tips on keeping your slaves as long as posible.
Setting up SOCKS 5.
and much more.

[CONTACT]

Add me on skype chanel.haggard or send me a pm and i will reply within 48 hours most of time i will reply instant depends if im sleeping or i got other things to do.

Dont judge my thread its my first helping thread :)

Thanks

Kind regards

Drecon

Very nice of you to offer this help, but a point of note.

- You cant fix lazy. We get these constant posts simply because children want to be spoon fed, powerful, potentially illegal information and knowledge in technical aspects without the sweat and effort to back it up.

Funtage - December 13, 2015, 6:40 am

be careful, the above user is a fed!!!!

Drecon - December 13, 2015, 6:45 am

Im fed bruh, 100% couch for this retard. ?

Drecon - December 16, 2015, 9:59 am

Online and still doing to service seems like alot of people wanne know what the best free RAT is :)
Online and ready to help some people :)

VirtualMon3y - January 9, 2016, 1:29 am

Thanks for offering support for KikerRat if anyone needs help.
