Thread: [Still Looking *sigh* | HF House | eBitch House](#)

Hackforums97 - December 14, 2015, 2:34 am

I honestly don't know why people don't believe me when I say I'm looking for a hacker girl who quick scopes or play COD.

I can get HF members to vouch for me. I want to start a house called the HF house as well.

Here's the 2 idea's I have for 2 of my HF houses I'd want to start

House 1:

HF House:

To join HF house you will need to get entry into canada and we will buy a house (rent) and split it so its going to be like 400\$ a month/person if we have 5 people for a 3,000 sq ft house.

You'd also need to net, 5,000\$ USD / month or more from INTERNET earnings. We would convert these earnings into much larger profits through investments etc.

another idea I had was a eBitch / Bitch Cod house

House 2:

Bitch house:

We literally have like 5-8 bitches playing cod with us and record it and put it up on Youtube, 12 year olds would watch that shit and we'd get like 2mil subs within the first 2 years.

OFC we'd need you to make at least 2k\$ a month for this one just for security purposes.

Anyways if you guys can find me some ebitches that quickscope or are down to start a HF house pm me

?mad?us - December 14, 2015, 3:29 pm

You can't afford 5-8 e-bitches streaming games 24/7.

skelly76 - December 14, 2015, 3:31 pm

You watch way too many FaZe videos. Also you would all have matching IPs so don't expect any trust. ;)
