Thread: [need botnet setup for windows + pay 10 dollar+ vps](#)

**alirezakaj** - December 14, 2015, 6:27 am

hi  
need botnet setup for windows that can down intranet ipis too  
i can pay 10 dollar + 10-20 cracked spoofable windows vps per month ?

**SpeedColaSpeedsUpyourLife** - December 14, 2015, 6:29 am

No point in even spending money on this, bbc is undownable

**lottomax** - December 14, 2015, 7:15 am

if u want to down home ip's then you can buy a online booter or buy a linux vps and use a perl ddos script.

**St?lk?r** - December 14, 2015, 7:17 am

A botnet setup for windows? Do you have a RDP or you want to run it on your computer?

**alirezakaj** - December 14, 2015, 7:35 am

are you nab ?  
i will setup on vps windows!  
and want down intranet ip (lan country ip )  
if you dont know about it , cant help me
