Thread: [\[UPGRADE\] TWO MEMBERS to L33T \[UPGRADE\]](#)

Brahma™ - December 14, 2015, 7:30 am

Hosting a contest for the 1st time. So, pardon me if I make any mistakes in making of this thread.

I had planned to upgrade two members to L33T this month. I have already picked one member after I saw the scam report he posted. He was saving up to buy L33T for himself but ended up getting scammed. Thought of bringing a smile to his face this festive season. Hence promised him the upgrade.

Anyways, I am yet to pick one more member to upgrade to L33T. You don't have to wear a signature or anything. Just post 'I love you HackForums. Merry Christmas to all' on this thread and I will pick one member randomly, within 24 hours.

Eligibility Criteria

- No open scam reports.
- Must not have negative rep.
- Should have at least 200 posts.
- Account should be at least 6 months old.
- Must pass trust scan and have no IP's matching other members.

User that I have already picked for upgrade: Spoiler [\(Click to View\)](#)

Features of L33T upgrade: Spoiler [\(Click to View\)](#)

Season's Greetings for all of you:

Goco - December 14, 2015, 4:13 pm

Hello!

I must say I apologize for posting with less than 6 months account activity, but if you would take into consideration that my other account (Sexygoco) was active for quite some time before my email got hacked and I lost access to all my accounts (Including my HF account) then I would really appreciate if I could be entered!

Regardless if my entry is accepted or not, very nice of you to do for Christmas! ?
