Thread: [Yo Fuck Amazon](#)

**Capo™** - December 14, 2015, 2:01 pm

So I got an email today saying I used a credit card with the wrong credentials so they ban my account, I never even entered a credit card on there but anyways they fucking ban my account with a \$220 balance on it.. Are my orders going to be cancelled? If so then I'm just going to kill the Amazon Staff

**b?xxy** - December 14, 2015, 2:02 pm

You've got to be the only person ever to have a problem with Amazon.  
Have you tried calling them personally?

**Minato Namikaze** - December 14, 2015, 2:03 pm

They won't get cancelled if in the delivery/pre-delivery type state.  
If you just ordered, there could be a chance.

But if I were you, just talk to them, im sure you could get out of it.

**johnsmithzzz1990** - December 14, 2015, 2:04 pm

that sucks my man. its causes you had suspicious activity.

**Capo™** - December 14, 2015, 4:07 pm

I called and they said I have to wait 24 hours now.. Lol what the fuck I'm really scared that these jackasses are going to take my \$220

If your account is closed, you cannot make any new orders.

If an order had taken money out of your balance, then it wont be canceled, but if pending, it will.  
Well if they send me a check then at least I can buy an ounce with it

Same problem bud, you're fucked. in 24 hours they will send you a new email telling you to send a fax with your details. After you've done that they will send you an email telling the same. Over and over. It's like a circle...

Could this be from agc not matching details or being carded, you think?

EXACTLY. I'm having the exact same problem. I had a vcc on the account, but the name I had it under was the same as my amazon, so I'm confused as to what happened. Already contacted support about it, they're suppose to get back with me within 24 hours. ?

I can only assume then that the the balance is from gift cards from eWhoring considering the section. Perhaps one of your 'clients' charged back on their AGC. This seems disputable with Amazon. Have you contacted them?

Bullseye !

**siberianmc** - December 14, 2015, 8:31 pm

Just contact amazon. They pride themselves on their customer service (i sell on there it's annoying as fuck) so you'll probably get your money back.

**Truth Hurts** - December 14, 2015, 8:46 pm

Serves you right prick, for double dipping :)

**Shanush** - December 15, 2015, 12:58 am

Did you get it solved OP?

**Foxy.** - December 15, 2015, 1:02 am

if you can't get your amazon back, you need to call and request a check for the \$220 on your account. they cannot keep your funds.

**thatasianboy** - December 15, 2015, 1:04 am

The other day i got banned from selling on ebay aswel. No reason aswel :C

For all morons here:

the fact that your usual indian reps are nice with you, doesn't mean that amazon account specialist will be nice with you bitches.

Something more you can't deal with account specialist directly.
