Thread: [Best Anime of 2015?](#)

nutmegger - December 15, 2015, 2:36 pm

What has been the best anime that has aired in 2015 for you. Winter season is almost up so I wanna see what people think. Personally I reckon shokugeki no souma

Ang?I - December 15, 2015, 2:53 pm

I'd also go with Food Wars.

RainbowHentAi - December 15, 2015, 2:56 pm

INB4 someone says One Punch Man

Mac Marvin - December 15, 2015, 2:59 pm

I don't think I have watched anything besides One Punch Man this year, and that show is great ?

Yellowdock - December 15, 2015, 3:12 pm

This year has been dry in comparison to other years.

No it hasn't.

Tamamo - December 15, 2015, 3:20 pm

I'd say Owari no Seraph. It's been very enjoyable and I find myself looking forward to new episodes.

CorrosiveBlueberry - December 15, 2015, 4:15 pm

Some series that i've watched and enjoyed alot that aired in 2015 are

Cross Ange(2014-2015)

Owari no Seraph and Season 2

Haikyuu S2

Gundam IBO

One punch man was okay

Charlotte, Gate, Prison School, Food Wars, Kekkai Sensen, Arslan Senki, Baby Steps season 2, Tokyo Ghoul jack(OVA), Tokyo Ghoul S2 was in early 2015, Assassination Classroom, Absolute duo(wasn't that great but i watched it) , Parasyte and Seven Deadly sins didn't finish until like March of 2015 too.

So yeah theres been alot of stuff to watch i think, i only pick what looks intresting to watch, and i usually don't watch airing stuff this has been the first time i kept up with a few airing shows this season as i binge watch alot alot of older completed series or past seasons.

ankithosya - December 15, 2015, 6:26 pm

Best were Charlotte and one punch man.....see the ratings on mal.

KinGxKeV - December 15, 2015, 6:37 pm

Boku no pico for sure man

Ow?s - December 15, 2015, 7:09 pm

Honestly, I'd have to go with Charlotte and Food Wars. They were both so great.

rob* - December 15, 2015, 7:17 pm

Shokugeki, although I fell off watching a bunch of newer ones in the past few months. Girls/Dungeon was pretty good too.

Prison School was funnily decent

Varane - December 15, 2015, 7:18 pm

One Punch Man, don't worry. You are gonna see tons of people saying OPM. ?

Yuikoro - December 15, 2015, 8:29 pm

Shokugeki no Soma, Aldnoah.Zero 2nd season (not as great as the first from 2014), and Saenai Heroine no Sodatekata (because who doesn't love a little shitty-anime genre harem every now and then?)

I feel like Gate could've been the best one but eh, judgement needs to wait until I see how it actually all turns out.

Charlotte could've been fucking awesome but it was limited to 13 episodes. Had it been 24 (or 26, considering), Spoiler ([Click to View](#))they could've made a full thing with Yuu being in America dealing with shit. Slowly getting beaten up by his memories and crap, slowly losing himself and what he had. It would've made the reunion with Nao so much more important in the eyes of the viewer, because they would see the gradual development of Yuu's new psyche trying to work with his old (both while it's being taken over and when he gets it back). It pains me to see that it could've been so EPIC but it was cut off short.

It really hurts. It could've been so freaking awesome, and I guess that alone holds merit.

Tokyo Ghoul had a cool ending as well. Sucks my ship, once again, failed, but there's apparently gonna be a third season so I'm clenching my ass for that ship to work out.

neightworks - December 16, 2015, 2:46 am

We going by finish dates?

Nanatsu no Taizai hands down.

Atrocious? - December 16, 2015, 2:49 am

From me it's:

Food Porn

Prison School

One Punch Man (It's obvious)

Humour - December 16, 2015, 2:51 am

One Piece or Naruto, still airing for like 10+ YRS these shows are original, their stories are so unique it's awesome.

Have you watched anything else beside those two shows? One Piece is pretty great but there are shows that are waaay better, especially this year

If you're into shonen you should watch Fullmetal Alchemist or Nanatsu no Taizai. Not to be that guy, but the shows you've watched are pretty shit in comparison ?

Exha - December 16, 2015, 9:57 am

I'll vote for Rakudai Kishi no Cavalry, I love it for some reasons.

darknessblade - December 16, 2015, 12:57 pm

shokugeki no souma is one of the better ones this year.

but there are also other great ones

4ngelic - December 16, 2015, 5:08 pm

I'm in agreement with lots of other people in this thread, Food Wars was amazing.

FishieFist - December 17, 2015, 11:02 pm

I reckon the best anime of 2015 would be one punch man!

I love you as well.

tofu - December 22, 2015, 10:06 pm

that one Gangsta anime was pretty good, and the new Digimon, other than that this years been pretty tame as far as really good anime, maybe 2016 has some heat. OPM is gr8 too.

Magna imperium - December 23, 2015, 1:55 am

owari no seraph was amazing imo

Stella Vermillion - December 23, 2015, 3:17 am

I can't pick a "best" out of an entire year, so I guess 1 from each season.

Winter 2015: Aldnoah Zero 2

Spring 2015: DanMachi/Shokugeki no Soma

Summer 2015: Aoharu x Kikanjuu, everything else in that season pretty much pissed me off

Fall 2015: Best manga adaptation goes to ONE PUNCH- Best LN adaptation goes to Rakudai Kishi no Cavalry. I'm not a big fan of Noragami, and I haven't watched the 2nd season at all. Not a big fan of K either

Webtoons - December 23, 2015, 6:43 am

Bible Black: Reboot is definitely the best anime this year.

If you have yet to watch it, it's certainly recommended, honestly for everyone, though it is shounen.

Esdese - December 23, 2015, 5:21 pm

If you'd count Seven Deadly Sins then that. If not, then Tokyo Ghoul s2 and Owari no Seraph were gucci af

Seven Deadly Sins was great, I loved it. If I had to say anything I think it would be that. But that's just my opinion as I haven't watched much anime this year.

SIM-2026552 - December 23, 2015, 11:52 pm

Owari no Seraph(both seasons)

One Punch Man

Noragami Aragato

The other very few aren't worth adding.

Vip?r - December 24, 2015, 1:59 pm

Kuroko no Basuke is probably one of my favorites.
