haydrazs - December 15, 2015, 5:51 pm

It doesn't have to be one on this list, but these are my favourites. If you would like to submit your own design do it ASAP:

Bacnezumha The Purger - December 16, 2015, 3:49 pm

Torn between the first and last. Mainly cause I did the red. First does have a more solid look though

Prophet Banana - December 16, 2015, 4:09 pm

Put what Echo is about in OP post. If I pick a userbar, it's meant to be a representation of what the group is about.

Unless you want me to pick one that looks super duper cool. In that case they're all shit.

GrandpaSherman - December 16, 2015, 6:55 pm

Would you then choose that userbar OP?

Also you were not aware that they were troll votes but rather thought they were genuine.
