I recently completed a few sessions with OP and I can say I came out more knowledgeable then before.

(Dec 24, 2015 05:12 AM)StuffSneak Wrote: [\[CITE\]](#) Alright. So I bought the BLONDE package today and so far we have had almost 2+ hours of session which included him sharing his screen to show me all needed aspects, also side by side explaining everything to me. I believe if you have done some SEO before, you might know some things of them already but nevertheless, it was a great start. He has also given some exercise to me.

As this package includes all other things which I am sure I wont be having much idea, I can say I

am pretty excited.

I would rate it 10/10 just for the starting session we had for 2+ hours.

Update 2:

So today in our second session of 1.5+ hours, we covered through the Content part. It was very informative and currently I am doing the exercise on that part. Its very much worth the 30\$:)

Update 3:

So today with our last session for almost 30-40 Minutes, we covered off page optimization and promotion methods. Well to be honest, this part did not much impress me as the others because we did not go over much. But for 30\$ worth, I think I have learned a lot from this. I will be working on my site accordingly and will post in few days how this goes.

Overall-

If you are just starting out with SEO and dont know much, this is real steal. If you know little over average in SEO, you might not find much to learn from this. It was well worth the 30\$ which includes further support also.

Thanks 01001!

I have a question if you want to teach someone and you take 30\$ per hour, how many hours you will need to teach someone?

Hi SinisterSmile,

It depends upon the user's knowledge. I have had given lessons to specific users who took 3-4 hours. While some took 7-10 hours.

Likewise, If you possess some SEO knowledge, then it won't take much time!

01001 was very helpful in boosting my knowledge in SEO. He gave me actionable advice to work on before our next meeting and made sure that I understood every topic before moving forward.

I like the pace at which we cover things (pretty quick) and that you make sure I have understood everything before moving forward.

This service is really great for anyone looking to talk to a professional and learn something.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
