Thread: [Anime Discussion Hub || READ BEFORE MAKING THREADS](#)

neightworks - December 16, 2015, 8:33 pm

PLEASE KEEP THIS TOWARDS THE TOP

Welcome to the AA discussion Hub, here you will find links to the thread discussing specific anime. If you do not see the anime you're looking for, you may open a new discussion thread, if you open a new discussion for an anime that already has a discussion thread, you will be shunned, pointed at, and forever be known as that guy. Grave Digging is allowed, if the anime you wish to discuss has not been discussed for a long time do not be afraid to bump it up, and especially do NOT create a new thread for it.

Discussion threads for currently airing anime should NOT contain spoilers outside of spoiler tags, if the spoiler has already happened in the anime you do not need to use spoiler tags, though it would be highly appreciated. Same goes for your hypotheses, it SHOULD be in a spoiler, but does not have to be.

Good this thread was made. I checked 3 times by searching and by going through the first dozen pages before I made my thread. Making a duplicate discussion thread would make me appear to be more of an idiot than I really am Imao. Good to see a hub is being made, since after all, these things also act as recommendations

Resourceful thread sir. But I really don't think you're someone to make a thread telling others what they are and are not allowed to do. All of the other people who have tried to make a resourceful thread like yours in the past were at least not demanding and restricting.

Well, thanks for putting everything together anyways.

This is a great idea op, will help keep everything organized.

That's gonna be a lot of threads

Doesn't matter. Everytime I try to look up a discussion thread for an Anime in this section, either I don't find one, or it's just someone asking a question about it, not a discussion thread. So if I don't create it, someone will eventually. Hopefully it'll also bring back discussions on Anime that are already aired and some people might find gems (like I did multiple times here).

neightworks - February 4, 2016, 9:48 pm

I believe there are a few missing from the list.

Aura - February 6, 2016, 12:33 pm

There are. Let me create a new one for Gakusen Toshi Asterisk and I'll post the ones I didn't post yet.

Chips Ahoy McCoy - April 3, 2016, 9:36 pm

I like this idea quite a bit. I always had to use the search feature to find a discussion thread that was a few pages back. Annoying times. :/

Here's my submission for Mayoiga.
