Hey guys

Finally today was a good day. After some failed attempts, i use a new pack and i hit the little jackpot

I made my first \$35 ewhoring. But one idiot put on the notes: for kik sexting and nudes

So what do i do now? I have the funds on my ewhore paypal, is it safe if i send them to my verified account?

PS. Thank you guys, this is a great place with a lot of great information.

I would spend it, I suggest you to take only AGC in the future. It's more safer.
