Thread: [The First Annual Hack Forums Time Capsule](#)

Cooligan - December 18, 2015, 1:51 am

Update as of 12/10/16 @ It's time to open the time capsule! This is now back from last year! I have decided to re-open it a bit early this year so members could have more time to post their new screenshots on the new thread (link will be below). This was originally posted on 12/18/15 for all HF members to post their profiles screenshot on and to then see how it's changed in one years time. Well that one year is up, and it's time to open the time capsule!

LINK TO THE SECOND ANNUAL HF TIME CAPSULE:

<https://hackforums.net/showthread.php?tid=5490017>

Hello and welcome to the first annual Hack Forums Time Capsule!

The purpose of this time capsule?:

Every time you change your avatar, signature, get a positive/negative rep, receive a warning, get banned, gain an award, or increase your post count, your profile changes. It can be stats, appearance, anything. What this thread will do is create a place for you to save your past profile data such as what I mentioned above. I mean, who doesn't like seeing how their account has changed over time?

How it will work:

What you'll do is go to your profile, take a screenshot of your profile, and then come back here and post that screenshot. My job will be to copy the post ID of your screenshot and paste it into a list in the OP so that it's easy for you to find. This thread will close on January 1st, 2016 and will re-open on December 18th, 2016. When I re-open the thread it will be bumped so that everyone will be reminded of this time capsule, and then rinse and repeat next year. ?
