Grammar is good.

The methods are simple&working but nothing really new.

But for 5\$ this is a good way to start.

Vouch :)

Content: 8/10 | Good information, nothing to new, but well explained.

Extras: 7.5/10 | Comes with images to help people and guide them nicely

Final conclusion:

It's a nice E-Book which is well worth the 5\$ for sure.
