Thread: [\[TUT\] Spreading Method #1](#)

YayHar - December 18, 2015, 7:51 pm

Closing all of these. Reevaluating my time.

i a m g o n e - December 18, 2015, 7:58 pm

I remember using something similar to this, so i can confirm it works

I believe he sold it to me, if not oh well
I think you all should use this method

Niko - December 18, 2015, 8:00 pm

Nice HQ Tutorial.

Sounds like it would work Quite Nicely.

#Skyline - December 18, 2015, 8:08 pm

Nice tutorial man.

Basically just luring them to ya bait.

Armada - December 18, 2015, 8:13 pm

People constantly complain about Manual spreading, but god honestly this is the absolute BEST method to infecting a person.

Good share OP. ?

YayHar - December 18, 2015, 8:57 pm

Glad you guys like this ;)

TheUnknownPlague - December 18, 2015, 9:00 pm

thanks very nice method i might try it sometime

Let me know how it goes ;)

Yakz - December 19, 2015, 2:53 am

This method works indeed, good work.

Brutal Chaos - December 19, 2015, 4:25 am

This is pretty decent if you want to target Minecraft users but in all honesty would take forever to get a lot of installs. Thanks for the share OP.

-Apache- - December 19, 2015, 4:26 am

Nice tut man, im sure you helped someone

Looks good, I should probably shave.

Brutal chaos is a fucklord please kill him for me.

HarHar - December 19, 2015, 6:01 am

great job but needs alot of chating .. but nice one

MikeTheGamer - December 19, 2015, 6:46 am

Didn't see this anywhere else, smart af :D

Vouch copies?
Wtf dude, there is no bot or some shit, he already explained the full method....
I bet you didn't even read the thread.

Skyrim Modding - December 19, 2015, 8:02 am

It's Skype depending? You know not many people have Skype or are not willing to share their ID with someone for any reason.
.ico works on Skype as I understood no?

Supreme.tm - December 19, 2015, 8:05 am

Nice OP, this method works but is pretty slow.

kurorolucifer23 - December 19, 2015, 8:24 am

is every rat can make an output of src? or u can just change .exe to src?

I'm online and offering support on these methods, won't be online for too long, but for a good time.

labroca - July 18, 2016, 9:12 pm

This man knows what he is doing, do not hesitate to give him your monies.

Peori0y - September 25, 2016, 9:13 am

I can just rename my: example.exe to example.scr and it will still work?
