Hello DrDoof, you can say "Hej, mitt namn är Josef." / "Hej, jag heter Josef." Or if you are a call dude you can say "Tjenare" insted of "Hej".

If you have anything else you need help with I can try to help you.

Why would we suffer about that? The refugee crisis is horrible. So many people are fleeing from their countries.

Some people don't like it at all, some people do not see it and some people are helping them by giving them clothes, money etc.

Hej :D

I've been learning Swedish for a while now but one thing I get confused on is Du/Dej and Jag/Mig

I just don't seem to get the context. Can you clear it up?

Swedish is similar enough to Danish to ask this question.

Because I hate Danish, would you care to take a Danish class for me ?

I need to pass it but I don't really have that hot potato in my throat that Icelanders need to speak and understand it.

Sorry, but honestly I can't Danish. I might understand 40% of it and I can't talk it.
