I'm fairly sure they won't get the award twice.

I'm pretty a user can only have one gift. I could very be wrong though.

I've never seen a user have more than one Gift award so I don't think so.

To answer your question OP, no you can't with the gift award.

The only award you can have multiple are is the grand amethyst (or others that Omni manually awards).

Thanks for the clarification. Looks like you're not getting your new award in an hour, KoH. :(

Automated award system does not allow it. Even under Tamper Data.
