Pretty much ill explain it real quick. You haven't used Draftkings before its a fantasy Gambling. As of yesterday they have a refer a friend bonus meaning each friend you get to sign up under you're referral link he will get \$30 i will get \$25 both getting free money. If you want to try and turn the free \$30 into 60 ill give you my nfl line for sunday if we hit you can withdraw 60 and if we lose. You aint losing nothing. So its a win win situation . Ill send you the \$5 to deposit after you sign up and deposit you will be credited the 30. If you have sports knowledge you can start off with that little 30

If this isn't allowed sorry feel free to remove. Its nothing illegal just me sending them \$5 to deposit and ill get a bonus with them as well.

I Did this on twitter to many weirdos that run of with the \$5. If you trusted just slide me a pm.

Takes 5 minutes to do this and its nothing blackhat related

Paypal only if you wanna sign up just pm me. Ill send you \$5 to deposit
