Thread: [\[Bot\] Instagram UserName Scraper \[FREE 4 ALL\]](#)

Nikola ?esla - December 25, 2015, 9:17 am

So I made Instagram UserName Scraper for my Personal use but i Would Like to Share It.It scrapes username from given keyword.

It can scrape Around 300- 600 Usernames each Keyword with 1k Per 10 - 20 secs speed!

Preview:

Requirments:

None!

Download Link Here: [Instagram UserName Scraper](#)

EnJoY!!! ???

Virus Scan : [Virus Total!](#)

Note: Not giving mass scraper feature as it won't have any value.

Please say thanks if it helps you

Can scrape around 1k+ username every 10 - 20 seconds which can be used for cracking accounts. or anything else

it searches by keyword given on instagram then scrapes photos and then usernames from that photos.
