Retard!

I gave you the code and no one else before I gave it to you I pmed Omni asking if he'd accept AGC, would I scam Omni? As I said I wasn't accusing you of scamming in OP hence why I asked YOU to screen shot it not working.

Edit: where do I contact amazon?

Lol I asked you for screen shot in pms of you trying to redeem it and you denied. I don't hate a lot of things but I do hate scammers. Excuse of the year "it's not USA gift card" you realize Omni has my IP & location right?

Sadder that I literally just pmed Omni saying I'm selling \$25 amazon so expect me upgrading and the giftcard was from my handicap aunt. Idk how scammers scam tbh.

It's his responsibility to make sure the hacker doesn't scam by contacting staff. You shouldn't have to. And now we're sitting enjoying Christmas day with less money. Rip Christmas 2015

He's not an idiot? Are you serious? This kid uses the password "counterstrike" and "strikeread"

other places... that is why he has 20+ compromised accounts. Some are private, and public. - I did a search on this guy.
