Thread: [How do YOU feel about the word "Otaku"?](#)

Devixx - December 26, 2015, 12:34 am

On multiple occasions people have told me that not everyone likes the word Otaku, or find it kind of offensive apparently?

So I want to ask everyone how they feel about the word for some of my own reasons, I personally don't really mind the word.

How about you?

big dick rick - December 26, 2015, 12:35 am

I personally don't care about the word Otaku.
Because I am not one of you.

i dont mind being called a weeb / otaku / trash on the interwebz. its all virtual anyway

Yuikoro - December 26, 2015, 2:51 am

I don't care. I'm called a weaboo over Otaku and even if it were that way, I couldn't care less. I'd probably just agree and be done with it.

Doesn't this just read in less words

A youth interested in computers but we use the word obsessed because we are adults and think technology is stupid - this discourages their abilities to have a normal social life.

Otaku sounds better than weeaboo. I'd rather be called an otaku.

Varane - December 26, 2015, 9:32 am

Well i just watch Anime/Manga in my free time. It is not the only thing i do in my life. So i don't really care about the word.

Cheapshizz - December 26, 2015, 9:51 am

Most insulting word that can ever come out of ones mouth.

Ang?l - December 26, 2015, 11:36 am

Shutup you weeaboo.

Deany - December 26, 2015, 11:43 am

All weaboos and otakus should die tbh senpai

Isley - December 26, 2015, 12:16 pm

I feel like it's a pretty accurate description of me but I don't think it has a place in Euro-American countries because of how vastly different the cultures are and what it means to be a no-life nerd in the different regions.

neightworks - December 26, 2015, 2:24 pm

Makes me cringe and think of you weeb fucks.

Honestly if you're offended by any name someone calls you just cut your nuts off now.

BoyInWhite - December 26, 2015, 10:01 pm

I don't know but 'Otaku' in Bahasa Indonesia means my brain

Consortion - December 26, 2015, 10:05 pm

Coming from an Asian, I think of wannabe Asians who watch anime in all of their free time. I mean, I don't mind people watching it and shit, but it terrifies me when people are overly obsess with anime, thinking they're the shit.
