Hey guys, I've recently started a community and I have a few things to share with you:

First of all, "Great, another forum!". Yeah, actually nope. Not a forum, but more like a community. Purpose: To help myself and help the others. To meet new people who share the same interests, to start projects, to share ideas and to chill.

Do we bring anything new? No.

Below you can see some stuff happening:

1. I have started a 10\$ giveaway contest ([Change the world with 10\\$. UNLIMITED WINNERS!](#)). All you have to do is to answer one simple question.

There are unlimited winners, and the contest will run for a while.

2. I'm giving away [free veteran awards](#) for the early registered users .

3. For those of you who are interested to join the forum and be a part of our Market section, please leave a comment below and if you have a positive review you will be awarded with the "trusted seller" award.

4. Last but not least, we have moderator seats open, so if you think you have what it takes join us and leave a comment saying you are interested in becoming a moderator.

[vendettas.club](#)

Thanks for the time (if you read the whole content). Open to any suggestions, criticism or thoughts. Thanks HF for allowing this.

Vouch for this guy right here, he has been working along side me for months pretty much daily... And I must say he delivers great work and great products!

kznamst - December 28, 2015, 1:04 pm

Vouch for this guy, i've been working with him for a long time and all i can say is that he knows his shit!

I already have an account there, hope we become a great community :)

Billie Joe Armstrong - December 28, 2015, 4:59 pm

I used to be in 2 different forums . Both died & I hope this one will not die and grow into a better community. I'm kinda interested in the mod position.

Long Story - December 28, 2015, 5:23 pm

It's just another hackforums? Hell you even used the same order and same names for all of the categories and forums. Sorry OP but you can try a little harder. 5/10 fix it up.

P.S - I was actually pretty close to registering. I'm a pretty good SEO. ;)

ActiveSeller - December 29, 2015, 12:32 am

Hi there, i will register soon. See you in the forum!

Btw, i am from a C2C site called <https://www.g2g.com>, can i be rewarded as "Trusted Seller" award? :)

Thanks!

Hold on, so from now on if I name my sub-forum "General Market" it's considered plagiarized?
Yes, there are some categories which are the same, but I made them similar just because it will be easier to use. I don't want to make another hackforums, I'm trying to create a community of people who share my interests. And also hf is technically a "hacking" forum, I have no intention of going in that direction.

Short answer: I tried to use as few categories as I could to not create confusion and for the ease of use. Yes some categories are the same, but that doesn't mean it's another hf.

Cheers and ty for the feedback.

Off: sorry to see you go. Maybe as we progress you will change your mind ;).

And it's a "vendetta" club, so..... it was pretty obvious that the logo will go in that direction.

Maybe I will change it later on, but right now I think it looks decent. Cheers. Ty for the feedback.

Did this happen only on the forum? Because I haven't had similar issues. Might be a problem on your end.

The security question "What does $2 + 2*(4)-2/2 + 1$ equal?" is in-accurate. Please fix it.

Parentheses

Exponent

Multiplication

Division

Addition

Subtraction

Proof the security question "What does $2 + 2*(4)-2/2 + 1$ equal?" is incorrect:

" $2 + 2*(4)-2/2 + 1$ "

$2 + 8 - 2/2 + 1$

$10 - 2/2 + 1$

$10 - 2$

The answer is 8.
